

## Work for students who are self-isolating (Year 10-11 and 6<sup>th</sup> form/YCDS)

Students are able to access the lessons they would have been taught in school, if they are self-isolating.

Students need to log-in to Microsoft Teams at [portal.office.com](https://portal.office.com) (or via the Teams app).

They need to use their school email address. This is their [username@magnusacademy.co.uk](mailto:username@magnusacademy.co.uk) and will begin with [A0@magnusacademy.co.uk](mailto:A0@magnusacademy.co.uk). Their password is their usual school password.

Once logged into Teams, students need to select their class team.

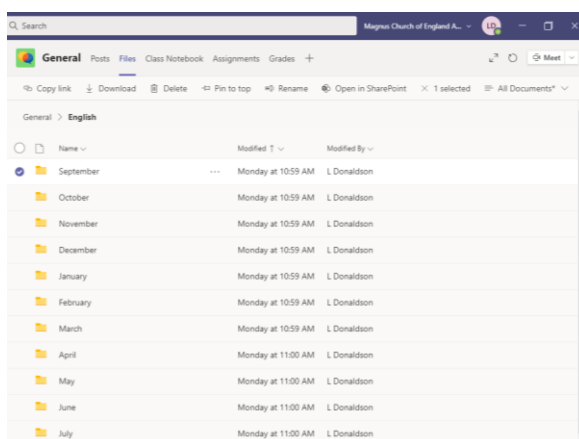

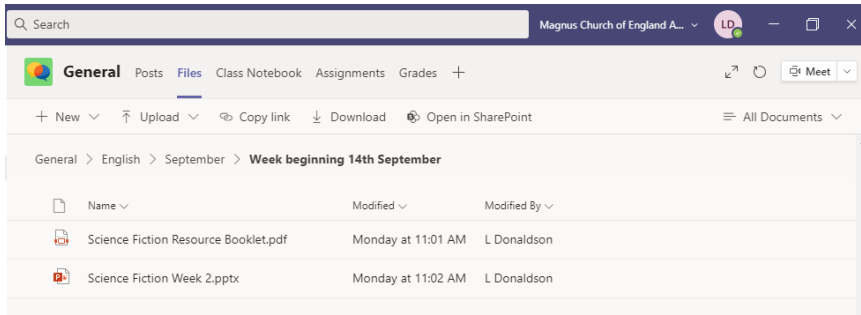

Students they need to select the 'Files' tab at the top.

Here, they will find all their subjects.

They need to the month and week to find the work for that day:

Students can complete the work in their exercise books.

### **Assignments**

In addition to completing their classwork, self-isolating students should still complete all work set under assignments.

Students can find these under the 'assignments' tab.
